6. Objectives for next quarter 33
1. Summary

The second quarter brought some routines to the ITTF Foundation, even if times are still very busy and emotional. On the operational side, two bank accounts have been opened, a comprehensive bookkeeping system is being established and the financial policy was set in place.

Staff-wise, it was a period of alterations with Etsuko Enami retiring in April, Karine Teow giving birth on May 18th, Rowan Fajerman joining the Leipzig team on June 9th and the first two interns working for the ITTF Foundation. French national Corentin Bonnégent began his five month internship in the office on April 3rd, working mainly on World Table Tennis Day evaluation, while Jacqueline Njeri Kamande is assisting the Social Media Manager and is working home based from Kenya on the social media content strategy and web contents. Her internship is limited to 3-12 months. In order to better position the ITTF Foundation on the global market, the position of the ITTF Foundation Marketing Manager has been announced.

The second official meeting of the Governing Board and Board of Trustees took place during the World Table Tennis Championship (WTTC) in Budapest, Hungary. All necessary decisions were taken to develop the Foundation in a prosperous way in the coming months. WTTC presented also the frame to sign an agreement with ITTF’s Athletes Commission about the ‘Athletes Emergency Fund’: 10,000 Euros are allocated yearly by the ITTF Foundation for the Athletes Commission to be used for Athletes emergencies.

The first cooperations in the name of the ITTF Foundation has been made, notably with the institute for translation of the University of Leipzig for internships and with Butterfly, which increased its support for World Table Tennis Day. At the same time, the first meetings with relevant stakeholders working for the municipality of Leipzig have been held. The city of Leipzig shows a very big interest in the establishment of the Foundation.

And last but not least, the ongoing programmes are progressing well; highlight of the second quarter is always World Table Tennis Day which was successfully celebrated on April 6th with 107 countries hosting a total of 922 events all around the world. The Dream Building Fund is progressing well. Five out of six Memorandums of Understanding have been signed, the first annual support transferred and most of the projects already began with their activities.

Wishing you a great reading

Highlights 2nd quarter

MoU with Peace & Sport has been signed

Challenges faced:
Follow up without an on-site coordinator is still difficult; An on-site coordinator who can transmit relevant information regarding the statistics and the follow up of the championship has yet to be appointed by Peace & Sport. Payment of coaches has not been made due to late signature of MoU and bureaucratic problems to transfer money to Jordan. In April 2019, coach Molham Alsada was dismissed from his contract due to violations of the ethic rules.

Next steps
Payment to coaches:
Appoint 2 new coaches:
- Mr. Moahmoud Shaban, who participated in the coaching seminar in November 2018 and worked as a table tennis coach for a different NGO within the camp.
- A female coach is not yet appointed and must be found to train girls and women.

Training:
- Set up training sessions for girls and women.

Priorities for next trip:
- Final Four tournament, coaching session, coordination with coordinator (awaiting appointment of the on-site coordinator by Peace & Sport), define and put in place the monitoring and evaluation process of the project and the coaches, take steps towards the development of the project with interaction and later integration in local Jordanian club.

| Project description | The project operates in Hoima, a rural area in western Uganda. There are three main problems to deal with in this area:  
- Children dropping out entirely from school, especially girls to get married or others just leaving earlier during the day.  
- Lack of integration with children with a disability.  
- Ethnical issues within the community.  
Table Tennis is bringing drop out school rates to an unprecedented low level as the children must attend school to take part in the programme. Social issues are also discussed with them and a positive message is as important as sport practice.  
6 primary schools located in the Hoima district are participating. |
| Aim         | The aim of the project is to develop life skills among children and youth through the following objectives;  
- To promote participation of at least 250 children and youth in table tennis skills in six schools in Hoima district.  
- To build the capacity of coaches in table tennis skills and on how to involve children and youth with disability in table tennis.  
- To develop self-esteem and confidence in both children and youth with or without disability through simple interschool competitions in table tennis. |
| Target group| Children and youth at risk of school dropout and/or children with a disability |
Highlights 2nd quarter

Co-hosting the ITTF Foundation World Table Tennis Day Main Event on April 4, 2019.
Site visit of the project locations by Director Leandro Olvech on April 3, 2019.
Ongoing negotiations between HONECRIC and the ITTF Foundation about continued support and finding an exit strategy.

Next steps
Develop and sign MoU for further 18 months support with a strong focus on expanding to secondary schools and developing an exit strategy. Budget and monitoring and evaluation processes to be finalised.

<td>Ecuador is at the moment living an unprecedented migration flow of people fleeing from Colombia and Venezuela. According to Ecuador’s International Affairs Office, more than 954,000 citizens from Venezuela entered Ecuador in 2018 leaving a great number of families facing exclusion, xenophobia and lack of opportunities. As a result, regions located at the north of Ecuador present high levels of refugee population including children and youth, most of them living in vulnerable conditions. Through the project, FUDELA will: 1. Create safe spaces to play table tennis and promote life skills to youth. 2. Integrate refugees with local population through table tennis. 3. Empower youth and local coaches who will disseminate the transformational potential of table tennis.</td>

4.1.5 Slum Ping Pong

**Location(s)** Kampala, UGANDA

**Status** Commenced

**Start date** July 2019

**End date** June 2022

**Project description** Since February 2017, Slum Ping Pong (SPP) has been offering “Table Tennis” trainings 6 days a week to an average of 60 kids from the slums. SPP has managed to improve conditions for the children attending the training sessions through school holiday table tennis camps and organising tournaments. SPP is not just about table tennis, they work to provide school fees and lunches when possible to children who would otherwise not have access to education or food and add education on broader issues of: drug abuse, equality, social awareness and tolerance. SPP strive to be inclusive and currently have approximately 65% boys and 35% girls participating and about 5% children with disabilities. They also plan to have female coaches to increase participation of girls.

**Aim** To use Table Tennis as a tool to reach 100 new slum children and integrate them in school and to a life of opportunities.

**Target group** Children (Under 16) living in slums

**Partners** Implementing Partner: Slum Ping Pong
Police Children School,
Home of Joy Salvation Army School (home for children with disabilities)

| **Project description**| The project tackles refugee integration and is working closely with the Alkmaar Council and local refugee support groups. The project will see the delivery of an extensive table tennis outreach programme with regular weekly inclusive evening sessions working with refugees living in and around Alkmaar, bringing together ‘newcomers’ and locals. This project aims to help break down prejudices and fears about migrants. Also, it hopes to provide refugees with tools for integration, a safe space to feel included, an opportunity to learn and improve, a social network, a regular time slot for interaction and an opportunity to improve language skills. For the local community, the project aims to break down the myth of the “unknown other”.
| Aim                    | To provide table tennis activities for the whole community of Alkmaar (and around) with a focus on breaking down barriers and stereotypes of underrepresented people/groups, thereby encouraging integration and henceforth reduce inequalities. |

#### Start date
July 2019

#### End date
June 2022

#### Project description
Northern Youth Table Tennis Association (NYTTA) has been doing school outreach for several years. With this project, NYTTA plans to offer table tennis as an activity in two Twilight Centers (a programme that offer safe and healthy activities several nights a week as an alternative for being in the streets). The project will offer Milwaukee Public School (MPS) minority students, and students not attracted to other sports, the benefits of engaging in table tennis to: increase self-esteem and confidence (this is especially true for minority girls), learn a healthy lifestyle, respect and appreciation for diversity and different cultures and religions, teach fairness and equality and good sportsmanship; and, gain the rewards of cooperation and teamwork and hard work. All of these values can help a young person improve their academic performance and enhance their economic potential as an adult.

#### Aim
Children (under 16), Youth (16-30 years), Women and Girls, People with Disabilities, Immigrants

#### Target group
Immigrants and Refugees - general public (local community)

#### Partners
Milwaukee Public School system

Highlights
2nd quarter

Thanks to good management of finances, an additional trainer could be hired to assist the existing one in the two Japanese locations, which present long travel distances between one another. This was reflected in an increase of players in both Japanese locations.

- Doubles tournaments: 5
- Participation in official tournaments: several
- Scholarships to train in existing clubs: 4
- Visits to all project locations: 2

Challenges faced:
Renovation work in the primary school. A common problem in Argentinian public schools affects both regular classes and, of course, extracurricular activities like these table tennis sessions. The solution was to pass the table tennis sessions to the regular sports classes with voluntary attendance. Irregular classes due to various teacher strikes. Even if the school is open on strike days, most of the students stay at home.

Difficulties to find transport for children with disabilities (due to lack of existing possibilities)

Next steps
Assure the exit strategy of the project, continuing the ongoing negotiations with all project locations.

Digital Content - Strategic priorities in the future

STRATEGIC PRIORITIES

The ITTF Foundation has an opportunity this year to harness and build on the gains of its inaugural year to lead and inspire boldly. Our focus should be on turning these opportunities into realities for the next calendar year. It is also important that we rally our voice alongside SFDP discussions on the global stage, leveraging on our content which speaks for the impact of the work we do.

The below strategic priorities once achieved, will build on other areas of digital communications and growth such as increase social media and web reach and Get Inspired content.

1. Strengthening digital platforms – web and social media

Website – while we should look to maintain the current content, we should also aim to increase more people visibility through reposting original web links/leads so as to increase website traffic and draw attention to SDP and ITTF Foundation as a key player through field project leaders - people who are at the frontline of driving change. These should be on SDP issues and ITTF Foundation’s role and aim to challenge, inspire and motivate readers as well as stimulate discussion on good practices and improving the impact of SDP through table tennis (e.g. beneficiary impact stories and GetInspired content).

Social media – building on the success of our social media accounts, we will continue to grow our presence across the globe by a) strategically targeting audiences, such as at high level SDP/sports/industry events where ITTF Foundation is taking part and where ITTF activities are taking place using trending hashtags b) strategically posting geopolitical content to pull in audiences where we currently don’t have strong visibility and, c) creating content that speaks to activists, young people, supporters, in particular SFDP communities.

2. Building digital networks with influencers

Strengthening our communication network with current ITTF Foundation ambassadors, internal influencers and SDP community e.g. Sport & Dev, Women Win. This is geared towards having a community of influencers who can amplify our messages to a much wider audience.

3. Identifying digital communication pushes

These are moments inspired by global events and discussions and include a) UN International Days b) industry specific events e.g. International Day of Sport for Development & Peace (IDSDP), World Congress of Sociology of Sport, by International Sociology of Sport Association (ISSA) etc and; c) ITTF Foundation related events Parkinson’s World Table Tennis Championship in October.
6. Objectives for next quarter

General
- Hire the Marketing Manager
- Publish second part of the website (dynamic information)
- Strengthening local partnerships
- Official inauguration

Programmes
- TT Dream Building: DB Fund projects -> close supervision
- TT Dream Building: HONECRIC project -> find agreement
- TT4ALL: World Table Tennis Day evaluation and preparation of next year’s campaign
- TT4Health: last preparations for the first ITTF Parkinson’s World Table Tennis Championships

Social Media:
- Implement content plan and work on strategic priorities

“Sport has the power to change the world. It has the power to inspire. It has the power to unite people in a way that little else does. It speaks to youth in a language they understand. Sport can create hope where once there was only despair”
