Thomas Weikert
ITTF & ITTF Foundation President

2019 has been an amazing and history-making year for table tennis on and off the court. The ITTF is spreading its wings in all areas. Thanks to the establishment of the ITTF Foundation and our high investment in its growth, we can proudly state that our commitment in Social Responsibility is leading within the International Sports Federations.

We guide and promote humanitarian projects around the globe, creating positive social change and solidarity through table tennis, including projects focussing on women and girls, people with a disability, socially deprived people and refugees. We use events such as the World Table Tennis Day to widen the reach of table tennis, attracting new players, notably on a grassroots level.

As a sports governing organisation present in all corners of the world, we, the ITTF, cannot close our eyes and we cannot limit our work to a mere sporting level. We must include the social component. Thanks to the ITTF Foundation we are able to reach areas such as health, development and peace.

The first ever celebrated ITTF Parkinson’s World Table Tennis Championships were a historic moment and demonstrated the positive impact of table tennis on persons with mental and physical illnesses. The incredible atmosphere of joint hope was one of the most emotional moments of my personal 2019 and convinced me about the importance of investing in this area in the future.

I am very happy with the progress made and I am grateful for the awards we have received for our hard work.

We see it as our obligation and wish to keep working towards more success in 2020 and are thrilled about achieving our long-term aim to reach 75% of National Associations being active participants in World Table Tennis Day. Let’s go ahead together!

Table Tennis. For All. For Life.

Leandro Olvech
ITTF Foundation Director

During our first year at our new headquarters we have been very productive. In order to boost our mission on the field and in the office spreading “Solidarity through Table Tennis” we expanded our staff by welcoming a Field Programmes Coordinator, a Marketing Manager and a Global Programmes and Operations Coordinator.

In 2019 we implemented many new projects and celebrated amazing highlights. The TT Dream Building Fund (DBF) was successfully established in January, making table tennis more than ever before not just a sport, but a tool for positive social change contributing to the United Nations Sustainable Development Goals (UN SDGs). We finished 2019 supporting six DBF 2019 selected projects worldwide for 2-3 years focussing on the social and educational role of table tennis to improve different aspects of people’s lives. And we are about to choose more for the DBF in 2020.

After our headquarters were successfully opened, the ITTF Foundation was officially recognised by local authorities in March.

Celebrating our joy playing table tennis and kicking off one DBF 2019 project that we’ve been supporting since 2015, the main event of the World Table Tennis Day 2019 took place at two locations in Uganda with Slum Ping Pong and HONECRIC. On this occasion we showed the inclusiveness, popularity and universality in the sense of not only focussing on capital cities, but on rural areas and slums as well. Thanks to the Athletes Emergency Fund, which is implemented in collaboration with the ITTF Athletes Commission, we can now support international players in cases of urgent need.

In September, with our steadily growing family, special guests, inhabitants and tourists we inaugurated our headquarters in Leipzig, Germany.

Kicking off our new programme TT4Health in October, the ITTF Parkinson’s World Table Tennis Championships in Westchester (NY), USA, were not only a huge success, but we decided to make it a yearly event. At our DBF project in France, we are also constantly working with people with Alzheimer’s Disease.

Our work with disadvantaged groups became even more fruitful in November signing three pledges at UNHCR’s first Global Refugee Forum in Geneva, Switzerland. To highlight this, we keep on doing our work at the Za’atari Refugee Camp in Jordan, as well as beginning to reach the most disadvantaged groups: women and people with a disability.

We actively update interested people through our new website ittfoundation.org. To be even more effective, we’ve launched our first donation campaign at the ITTF Star Awards, so everyone from everywhere can support a specific project, a programme or our work in general.

A great honour for us and our work is the receipt of two awards: Bronze at the Sports Business Award for World Table Tennis Day in the category ‘Best Sports Event of the Year – Overseas’ as well as Bronze at the SPA Award in the category ‘Best Sports CSR Initiative’ for our Dream Building project Table Tennis for NepALL.

I would like to thank all who believed in us along with our donors, partners and decision makers in general! This would not be possible without our highly motivated staff making our dreams reality. Thank you!

Table tennis is truly for everyone, everywhere!
About US
Our Vision
We want to become a world leader & role model in positive social change through sport.

Our Mission
Using table tennis as a tool for development and peace by connecting people all over the world, implementing or supporting projects on the field and empowering them to serve as role models; making table tennis popular, universal and inclusive.

Solidarity Through Table Tennis!
Governing Board

The supreme body is legally responsible for the ITTF Foundation. It consists of between four and eight members, of which three are permanent ITTF positions ex officio, namely the ITTF President, the Chief Executive Officer and the Vice President in charge of Development. The fourth member is designated as the Managing Board Member (ITTF Foundation Director) and elected by the Governing Board members for a 2-year term. The Governing Board determines the strategic direction, takes decisions and oversees the activities of the Foundation. It meets at least twice a year personally and is in regular contact via digital media the rest of the time.

Thomas WEIKERT
President
ITTF President

“Besides many successful projects - to mention as a key project the World Table Tennis Day - my highlight in 2019 was the first Parkinson’s World Championships in Westchester. It was impressive to see so many players having fun, realising at the same time that our sport is helping them physically and mentally to improve their health conditions. We are ready to go ahead.”

Steven DAINTON
Governing Board Member
ITTF CEO

“With table tennis being the best sport in the world, the Foundation is innovative and progressive using it as a resourceful tool in the world of sport for development.”

Bruce BURTON
Governing Board Member
ITTF Vice President in charge of Development

“Now that we are firmly established, with key staff members in position, I believe that 2020 will bring increased awareness and recognition of the true potential of the Foundation. The team is well positioned to make a difference in the lives of so many who are in need.”

Leandro OLVECH
Governing Board Member + Director

“The Foundation was born from the social and humanitarian activities of the ITTF with a wish to create a department purely focussed on table tennis for development and peace. It has been a natural progression within the organisation that stems as far back as the Ping Pong Diplomacy in the ’70s or even earlier when the first ITTF President - Ivar Montagu - strived for solidarity by bringing the countries together. This is what makes the ITTF Foundation unique, compared to any other sporting foundation.”

Our Ambassadors

Our ambassadors help us to create awareness for our cause. They were already linked to our concerns even before the idea of the ITTF Foundation was born. They represent us in a passionate way and keep the radar on for new ideas and networking.

Thank you...

...Sarah HANFFOU
- French / Cameroonian table tennis player
- Doctor in Public Law
- Member of the ITTF Athletes Commission
- Olympian in 2012
- Founder of the French non-governmental organisation “Ping Sans Frontières” (Ping without Borders) which aims to develop table tennis as an educational support globally
- ITTF Development established a partnership with “Ping Sans Frontières” in 2011

...RYU Seung-min
- Korean table tennis player
- Bachelor of Sports Marketing and Master of Social Physical Education at Kyonggi University (Republic of Korea)
- Member of the International Olympic Committee
- President of the Korean Table Tennis Association
- Member of the ITTF Athletes Commission and ITTF Executive Committee
- Athletes Role Model for the 3rd Youth Olympic Games in 2018

“The motto of the Foundation is not just a motto: it is a way of thinking, a way of implementing the project, a way of interacting with the partners.”

“For 2020 we have to inspire and engage more people in each of the 226 ITTF member countries to play table tennis and increase diversity in our beloved sport. At the same time we have to develop our funding model to increase our funding and reach.”

Board of Trustees

The controlling body of the ITTF Foundation consists of at least two and no more than eight trustees. Two seats in the Board of Trustees are filled by the ITTF Vice President for Finances, ex officio, and the ITTF Vice President of the Ethics Commission, ex officio. The trustees elect a chairperson from their members for a 2-year term.

The Board of Trustees advises and supports the activities of the Governing Board. It supervises the Governing Board, decides on its reduction or expansion and reviews the annual accounts and the report on the fulfilment of the Foundation’s mission. It meets at least once a year personally.

Petra SÖRLING
Chairperson
ITTF Vice President for Finances

I very much believe in sport as a tool for solidarity and friendship. The way we have now organised our ITTF Foundation as a separate entity will hopefully give us new partners in this very important work.

In 2020, I expect the Foundation to enter the next phase. We now exist and it’s time to deliver on all levels. I’m very confident that we have another exciting year in front of us for the ITTF Foundation and I’m proud to be part of it.

Nestor TENCA
Trustee
ITTF Vice President in charge of Ethics

The value of the ITTF Foundation resides, comparing it with other foundations, in the ITTF’s experience and, in fact, the Human Resources supporting, for years, programmes with high social and inclusive content. My 2020 expectation for the ITTF Foundation is to get the resources to finance programmes that allow table tennis to be the vehicle for improving social, sanitary and cultural conditions of the beneficiaries of these programmes.

“I am the one behind the scenes, overseeing and arranging affairs, breaking through obstacles and smoothing the way for growth. I have an all-around view of what to do and where to go and strive for efficiency and quality. Multi-tasking is my strength.”

Christian BELTER
Marketing Manager, full time since 2019
Bachelor & Master in Business Administration / 17 years experience in the sport and marketing sector

“Every day I try to put myself into the shoes of our potential partners and donors. Then I find approaches and solutions to make our commitment and work even more interesting for them by showcasing how many excellent opportunities exist to contribute to social change with the help of table tennis - and that our Foundation is able to do that. I know, every single partnership helps us to intensify and enlarge our global initiatives and field projects. The more support we get from our partners, the more global reference projects we can realize.”

Julia TAPPENDORF

“In my everyday work, I try to show the spirit of each project and programme through our social media channels to reach people all around the world and to get them interacting with us.”

Karine TEOW
Field Programmes Manager, full time since 2018
Bachelor in Sports Management / Master in Peace, Conflict and Development / 7 years experience in the sport and development sector

“I use empathy to accompany the field projects in the best way possible. This year, the key for me has been considering 2 things: our vision and the beneficiaries of our work. I believe that understanding both, when developing a programme is key to finding the most effective solutions, identifying the right partners, ensuring no harm and building simple processes. Everyone can use their own gifts, to improve their local realities and have a significant impact.”

The daily operators work closely together with the Governing Board. They execute its decisions and also submit proposals. They are the ones behind the screens, on the phones or on Skype, and where necessary, they travel to meet you in person. The management team operates from their headquarters in Leipzig, Germany, a fast growing and vibrant international city. They exist not only to run the Foundation in the very best way, but also listen to you and share the reality of the world with the decision makers. Don’t hesitate to get in touch!

Programmes & Projects

Table tennis is an ideal sport to attract people of all ages, irrespective of gender, cultural and social background or physical ability. It is a very healthy leisure activity with multiple benefits, both for physical and mental health. At the same time, it is fun.

The ITTF Foundation works through SIX PROGRAMMES using these characteristics, not only to promote our sport and its benefits to a broad and diverse audience, also to foster development through the sport; this means using the sport as a method of attracting more people to play and working with them on different topics to improve their daily life.

While the programmes are strategic directions we move to, it’s the PROJECTS and their participants giving them life. It is only thanks to the commitment of many people believing in a better world through table tennis that we can execute our projects and consequently reach the strategic aims of our programmes.

What is the Dream Building Fund?

The TT Dream Building Fund (DBF) is an ITTF Foundation annual call aiming to select projects it will support for a period of 2-3 years. The selected projects all identify a specific local issue they wish to transform, linked to one or more UN Sustainable Development Goals (SDGs). All the projects supported through the Dream Building Fund focus on the social and educational roles of table tennis as a tool to improve an aspect of human welfare in their local reality. The expected impact results for the beneficiaries of these projects are therefore not based on table tennis performance but rather on the improvement of a targeted aspect of their local reality through the use of table tennis.

Dream Building Approach

The Dream Building Fund is based on:

- The idea of partnership where every stakeholder contributes to the success of the project. The support of the Dream Building Fund is therefore not solely financial but includes value in kind support for resources, expertise, knowledge, equipment etc.

- Theory of Change, a methodology used for planning, participation and evaluation to promote social change. The project life cycle will therefore be based on the below model.

**TOP 5 SDGs:**

1. Goal 3: Good Health and Well-being
2. Goal 4: Quality Education
3. Goal 1: No Poverty
4. Goal 5: Gender Equality
5. Goal 10: Reduced Inequality

Questions:
dreambuilding@foundation.ittf.com
The ITTF Foundation’s TT Dream Building project operates in 5 of the 12 districts of the Za’atari Refugee Camp. The table tennis project activities have two aims: firstly, to use table tennis to promote individual and social change inside the Syrian Refugee community within the camp. Secondly, to increase cooperation and strengthen social cohesion between Syrian refugees and the Jordanian community through table tennis. To date more than 146 have attended the training sessions. From Sunday to Thursday, 2 coaches who passed the ITTF Level 1 course, which was offered before starting the project, are coaching the boys in the morning and the girls in the afternoon.

This project is executed together with

- Peace and Sport
- UNHCR
- IRD (International Relief & Development)
- Questscope-IMC (International Medical Corps)
- Save the Children
- TIGER (These Inspiring Girls Enjoy Reading)

Sponsors:
- Nittaku
- The Foundation for Global Sports Development
**What’s next in 2020:**

+ Organise activities outside the camp nearby Mafraq club
+ Female coach identified, ITTF Foundation to approve recruitment
+ Peace & Sport to develop methodology to transmit ‘values education’ through sporting activities and the ‘My Coach’ mobile app
+ Connect ITTF Education department to Peace & Sport regarding development of content for the app

**Challenges faced in 2019:**

The project started with a small delay in equipment supply, which could be solved through the already demonstrated skills of improvisation within the camp. The hiring of a local coordinator presented several complications and was not finalised until late 2019.

**Highlights 2019**

**Celebration of World Refugee Day June 2019**
The event happened on April 4 in the afternoon. All children participating in the weekly project attended the event.
The trophies and certificates for the Championships were provided by Peace and Sport. All the sport beneficiaries joined the celebrations which included a workshop, award ceremony and #WhiteCard activation.

**Japan International Cooperation Agency (JICA) Cup August 2019**
During summer holidays, children in Za’atari took part in the Ping Pong Cup in Centre 9 coordinated by Peace and Sport, JICA and IRD.
More than 30 boys took part. The competition provided much excitement in the lead up with each district training and preparing hard for the event.
The event was staged over 3 days with qualifying rounds and the finals played on the last day.

**Results 2019**

+ 5 locations offer table tennis
+ 5 sessions per week
+ 146 kids
+ 1 inter-location tournament

**TESTIMONIALS**

Ahmad Abdulrahman Sulimma (15 years old, project participant)

“I have 5 siblings and my dad is a table tennis coach. I have practiced table tennis almost every day since last year. Thank you for your support and for giving me these chances. My dream is to become a professional table tennis player.”

Abdulrahman Coach

“First of all, I would like to say thank you to all supporters. I started table tennis almost 16 years ago in Syria and thanks to these experiences, I can support children throughout this project here in Za’atari.
You don’t need a big team to play table tennis. It can be played by everyone, regardless of age or gender and even by persons with a disability. We can all enjoy together. That is why I love table tennis so much.”

+ 2 youth para table tennis players participated in a one-week para youth camp in South Korea

Challenges faced in 2019:

Difficulties to find adequate accommodation and transportation for para players during several events outside the capital.

What’s next in 2020:

+ Organise small events in every centre for World Table Tennis Day 2020
+ Organise an event for players who were not able to participate in the National Championship in Pokhara
+ Find a way to cooperate and coordinate with an organisation to support players travelling and participating in more international events
+ Diversify funding streams

Bronze by SPIA Awards for being the Best Sports CSR Initiative.

Thanks to an increased government collaboration and additional international networking opportunities, para table tennis activities expanded, players attended national and international events and one female coach has been selected for a para table tennis pretraining camp to prepare for the Tokyo Paralympic Games 2020.

A novelty for Nepal: The first two National PTT classifiers were trained and approved.
Hoima Network of Child Rights Clubs (HONECRIC)

Reducing early school dropout rates and encouraging the inclusion of children with and without disabilities through table tennis in Hoima District.

What’s next in 2020:
+ Develop ‘Exit Strategy’ and diversity funding streams - explore opportunities for social enterprise model and commence in 2021 to become sustainable
+ More technical training in table tennis for volunteer coaches and teachers from targeted schools
+ Establish independent equipment sponsors
+ Develop strategy to support all 71 schools within the district and 4 community clubs

Challenges faced in 2019:
Limited resources to enable the activities to run smoothly, and the schools had difficulties providing a suitable room for table tennis.

Results 2019
+ 300 players (185, 115) reached in 12 schools
+ 14 coaches (9, 5) participated a 3-day basic training for coaches
+ 13 schools involved (6 new primary schools and for the first time 3 secondary schools)
+ Hoima Open Table Tennis Championships at Duhaga Boys Primary Main Hall in November 2019
+ Agreement of terms for a partnership with school administrators and sports officers including a signed Memorandum of Understanding between HONECRIC and several schools

Highlights 2019

As co-host of the World Table Tennis Day 2019 main celebration “Table tennis sport for all” in April 2019 aiming at bringing together children and persons with a disability through table tennis, many children from the project participated in games, music and traditional dances expressing a joyful life with or without disabilities.

Through the expansion of the school support from 6 up to 13 schools, the scope of reach increased and the aim to retain youth in school as well as to support them going to secondary school was achieved. A handover ceremony of equipment to the head teachers of the six new beneficiary schools (3 primary and 3 secondary schools) was conducted in September.

What’s next in 2020:
+ Develop ‘Exit Strategy’ and diversify funding streams - explore opportunities for social enterprise model and commence in 2021 to become sustainable
+ More technical training in table tennis for volunteer coaches and teachers from targeted schools
+ Establish independent equipment sponsors
+ Develop strategy to support all 71 schools within the district and 4 community clubs

TESTIMONIALS

“Table tennis is an interesting game. It has helped me to go to an international school (St. Michael International School) which has also helped me to travel to Kenya and Tanzania for the ‘all East African games’ where we won in the girls category. I hope to travel to China this year.”

Tumusiime Mercy, project participant

“Ayesiga Jimmy, project participant

“The presence of our role model Ibrahim encouraged so many children and persons with disabilities to improve their self-esteem. One of our children from Mpaija school who has a physical disability on one of his arms had been putting on a long-sleeved sweater throughout his life in public whether it was raining or sun shining. From that day he saw Ibrahim enjoying table tennis with no arms, he realised he was better, therefore had no fear anymore and vowed never to hide himself again.”

Partners of Americas – Points that Tackle Borders Project

Ecuador is currently experiencing an unprecedented migration flow of people fleeing from Colombia and Venezuela. According to Ecuador’s International Affairs Office, more than 954,000 citizens from Venezuela entered Ecuador in 2018, leaving a great number of families facing exclusion, xenophobia and a lack of opportunities. As a result, regions located at the north of Ecuador present high levels of refugee population including children and youth, most of them living in vulnerable conditions.

The project and successful 2019 TT Dream Building Fund Applicant aims to use table tennis as a vehicle of change for youth and integration of Venezuelan and Colombian migrant and refugee populations with the Ecuadorian community in the North.

Challenges faced in 2019:

Most materials in one school had to be adapted and only self-adjusting nets could be used on basic tables with limited space. In this border area, children and adolescents are exposed to problems like alcohol and drug abuse and early pregnancy. Through table tennis workshops, safe spaces could be created in an autonomous manner and more will be held.

Table tennis workshop in one of the most disadvantaged communities: Chical September 2019

Approximately 100 people from the indigenous “AWA” group attended, most of them had their first experience with a table tennis racket and this sport in general. In spite of being a border area with Colombia of difficult access and other problems, the happy faces of the beneficiaries were impressive.

Table tennis workshop in one of the most disadvantaged communities: Chical September 2019

150 children and adolescents came into contact with table tennis for the first time. Despite changing weather the workshop never stopped. Even after its end, both children and parents requested extra time to continue playing. After this initial activity, FUDELA’s office, in cooperation with UNHCR, decided to acquire tables and other material to continue multiplying table tennis activities with new local groups.

Results 2019

+ Memorandum of Understanding signed on 16/06/2019
+ Advocacy event at the national Assembly
+ Workshop with the national football league female champion 2019, Deportivo Cuenca
+ Methodological transfer with coaches in cooperation with the Secretary of Sport

What’s next in 2020:

+ More opportunities for children and a wider reach for education
+ More than 75 young leaders trained in new skills to disseminate table tennis sessions to promote understanding; improved perception of the local population and improved integration between established and new residents

Testimonials

“A 10-year-old participant from the Casa Azo orphanage has speech problems, little verbal pronunciation for his age and low motor coordination due to traumatic events relating to his mother’s death and his father in prison. His responsible person has agreed with him that, if he treats himself with respect and follows the instructions in the table tennis workshops, he will continue to attend. Because he enjoys this sport so much, attend regularly and receives help from of facilitators and coaches, he handles the racket better and his behavior has made him win newt friends.”

“A Venezuelan 13-year-old girl has motor disabilities in both legs and arms. She used to be ignored because of her condition. Due to her resultant insecurity she could not play any sport. But in the performed work sessions she has managed to adapt easily when taking the racket and overcome the first obstacles, e.g. balance between cones. With this initial motivation, she continued the activity and acquired different table tennis skills. When her mother saw this accomplishment, she was crying with joy to see her daughter empowered in this way.”
Slum Ping Pong

Since February 2017, Slum Ping Pong has been offering table tennis trainings 6 days a week to an average of 60 kids from the slums. It has managed to improve conditions for the children attending the training sessions through school holiday table tennis camps and organising tournaments. The project is not only about table tennis, they work to provide school fees and lunches when possible to children who would otherwise not have access to education or food. They also add education on broader issues of drug abuse, equality, social awareness and tolerance.

The project and successful 2019 TT Dream Building Fund Applicant aims to use table tennis as a tool to reach 100 new slum children and integrate them in school and a life of opportunities.

Challenges faced in 2019:
Decreased budget by 15%, hence, the coach’s allowances and Saturday lunches for the kids were reduced in order to keep widening the reach. Access and transportation issues to one of the training locations - Home of Joy - led to delayed training period.

Highlights 2019

Kampala, UGANDA
Over 200 children & youth training regularly
6 weekly training sessions
Ongoing since 07/2019
Total project costs: € 39,000.00
Support 2019: € 13,000.00
End of support: 06/2022
Local project partners:
• Police Children School
• Home of Joy Salvation Army School (home for children with disabilities)
• Railway Children Primary School

Results 2019

• Memorandum of Understanding signed with SPP on 12/06/2019
• More than 1000 children reached in 150 sessions
• Increased support from 2 up to 53 children to attend school through the School Fees Support initiative
• Hosted World Table Tennis Day Main Event and Project Launch at Railways Primary School
• Attended Jinja Open, St Teresa Open, Uganda Junior Open and Cadets Trials
• Doubled social media reach and gained public attention through local and international media

Jinja Open - November 2019
It is a rare opportunity for the children to travel the 80 km from Kampala to Jinja for such an activity. 34 children (24 boys 10 girls all aged between 8-14) and 10 coaches (8 men and 2 women) took part at an event, which was more about bonding through the experience and less about the results.

Increase of local engagement
Tables are very expensive in Kampala and it is not necessary to have quality tables for beginners. They had to be cheap, lightweight and durable for outdoor use. Because of many participating children being under the age of 7, tables were hand crafted. Through engaging local carpenters and coaches over 2 days, the two TT2GO tables could be built slightly lower than normal in order to be used by smaller children.

TESTIMONIALS

“Mark Winter, Director of Slum Ping Pong
“What initially impressed me was that SPP was operated by a group of young, financially very poor table tennis players for the benefit of children from even poorer slum backgrounds. SPP have never taken donations or support for granted and have always been honest, open and ready to discuss. The coaches and children are proud of being part of the Slum Ping Pong family, and so am I.”
Ping Pong Alkmaar
Tafeltennis voor iedereen – Table tennis for everybody

The project tackles refugee integration and is working closely with the Alkmaar Council and local refugee support groups. The project works on the delivery of an extensive table tennis outreach programme with regular weekly inclusive evening sessions working with refugees living in and around Alkmaar, bringing together ‘newcomers’ and locals. Also, it provides refugees with tools for integration, a safe space to feel included, an opportunity to learn and improve, a social network, a regular time slot for interaction and an opportunity to improve language skills.

The project and successful 2019 TT Dream Building Fund Applicant aims to provide table tennis activities for the whole community of Alkmaar (and around) with a focus on breaking down barriers and stereotypes of underrepresented people or groups, thereby rising above the myth of the ‘unknown to encourage integration as a means of reducing inequalities.

**Challenges faced in 2019:**

Problems in reaching and motivating targeted participants due to the location. Services had been moved nearer to the living areas of refugee children to get them easier involved.

**Alkmaar, NETHERLANDS**

- **100+ young people with and without refugee or immigrant backgrounds reached**
- **2 weekly training session**

**Implementing partner:** Ping Pong Alkmaar

**Local project partners:**
- Alkmaar City Sports Council ‘Alkmaar Sport’
- Local Government Alkmaar Sports Department
- Dutch Table Tennis Association (NTTB)

**Results 2019**

- **Memorandum of Understanding with Ping Pong Alkmaar signed on 12/06/2019**
- **One-off session provided at schools for children with refugee background, encouraging them to come and visit community sessions**
- **Increasing popularity of the sport because of many different targeted sessions, the outreach work and extra services offered to make table tennis in Alkmaar available for everybody**

**Highlights 2019**

- **Public recognition from the local council for the work making table tennis serve as a tool for integration, hence getting stronger and more accessible to all people. Project leader Mark Smith won the ‘Heart for Sport’ award for his outstanding commitment to the community through sport.**

**What’s next in 2020:**

- **Recruit volunteer coach through VCRA Alkmaar to support Wednesday sessions**
- **Restart community sessions at Overdie Ontmoet in January 2020**
- **Reconnect with refugee stakeholders and reach new stakeholders, partners and participants**

**TESTIMONIALS**

"It is amazing to see the children engaging with the robots and play – some of them have never experienced technology like this before. We are thankful because table tennis is a fun way of bringing them together, it is nice to see them playing together. They don’t have to use language, they just have to play."

"It is really nice that there are so many people from different backgrounds here!"

National Youth Table Tennis Association

The National Youth Table Tennis Association (NYTTA) aims to work with twilight centres. Milwaukee Public School (MPS) minority students, and students not attracted to other sports, experience the benefits of engaging in table tennis such as increasing self-esteem and confidence especially for minority girls, learning a healthy lifestyle, respect and appreciation for diversity and different cultures and religions, teaching fairness and equality and good sportsmanship, and, gaining the rewards of cooperation and teamwork and hard work.

The project and successful 2019 TT Dream Building Fund Applicant aims to help young persons with or without a disability and with or without refugee or migrant background to improve their academic performance and enhance their economic potential as an adult.

Summer camps and school team table tennis competition increased student participation.

Results 2019
- Memorandum of Understanding with NYTTA signed on 12/06/2019
- Three summer training camps conducted
- A table tennis interactive exhibition held at a major summer festival
- Increased table tennis segments in school physical education classes and increased student participation in school table tennis competitions.

Challenges faced in 2019:
Available potential to get table tennis in the schools as a sport but a lot of time to outreach to the schools and students is required. Especially overcoming the school sport culture in the US is challenging and an added hurdle.

TESTIMONIALS

Kirk Stimpert, teacher at Pewaukee High School
"Remember when Michael Jordan dropped 55 points in a game while having the flu? Wait. Were any of you even born then? Don’t answer that. The point is, sometimes adversity breeds excellence. And Delenn, while sick and feverish produced one of the most prolific ping pong performances this club has ever seen! She dominated Week 12 with a 5-0 record, beating the likes of Will, Alex, Djordje, Evan, and Logan. Then, when her team needed her the most, she won her round-robin group at the NYTTA Singles and Doubles Tournament! Way to go Delenn!"

What’s next in 2020:
- Focus on continued outreach to schools to increase in number of school students playing table tennis
- Students remain in school and increase in confidence and self-esteem (especially minority girls)
- Two additional school competitions are scheduled in February

Highlights 2019

Good start at Milwaukee Public Schools Twilight Centers in offering a table tennis activity and providing constructive and healthy activities for at risk students in the evenings and weekends.

Available potential to get table tennis in the schools as a sport but a lot of time to outreach to the schools and students is required. Especially overcoming the school sport culture in the US is challenging and an added hurdle.
Talent 4 Development

The project started as a volunteer project in 2016 by introducing table tennis to schools in the third largest slum in Africa: Mathare. Thanks to the highly engaged Spanish Project Manager who moved to Nairobi in order to generate a change for slum children through table tennis, the project developed fast. Kids and youths receive access to table tennis and to education and get the potential to win a scholarship into school and grow into employability as a coach. The project targets girls and persons with disabilities specifically and plans to raise funds locally through local social tournaments.

Mathare, KENYA
Around 250 kids and youth reached
42 kids training 3 times or more per week
12 youth attending regularly coaching and mentor programmes
Ongoing since 07/2019
Total project costs: € 27,500
Support 2019: € 9,900
End of support: 06/2022
Implementing partner: Talent4Development
Local project partners:
• Kenya Table Tennis for PWD
• Madrid Table Tennis Federations
• Spanish Table Tennis Federations
• Kick it Kenya (Sport Academy)

Challenges faced in 2019:
• Access to quality table tennis material in the region
• Commitment in the attendance to the training and mentoring sessions
• Delegating tasks and responsibilities.

Results 2019
• Memorandum of Understanding with Talent for Development signed on 18/06/2019
• 3 big events held (World Table Tennis Day, Inaugurational Tournament and Friendly match with MYSA Academy)
• 2 large video productions developed
• 14 international volunteers visited and supported the Academy

Highlights 2019

Inauguration in July 2019
36 kids from 6 different schools around Mathare slum community obtained a participation certificate, and school material was given as a reward for performance, commitment and behaviour. The tournament also drew the attention of many youth (18-28 years) interested in joining the programme, learn the skills how to play and become future coaches by obtaining the level one coaching course, working towards their employability.

Team expansion
Former national Kenya team player with over 20 years of coaching and co-founder of City Stadium TT Club, Mr. John Ojiambo, joined the team. Humble, passionate and hardworking Ojiambo has played a big role increasing the level and commitment of all the players in the Academy. Helping also to establish other great collaborations with MYSA (Mathare Youth Sport Association), KTT for people with disabilities and Mpesa Foundation.

What’s next in 2020:
• Formalize and strengthen strategy of both streams of T4D - education program for primary aged participants and mentoring program for youth volunteers
• Education and training opportunities for youth volunteers – increase employability
• Collaborate with disability organisations to provide opportunities for persons living with a disability through table tennis
• Diversify funding streams and establish partnerships with ‘equipment donors’
• Identify and develop secondary school scholarship opportunities

TESTIMONIALS

Joseph Owino,
26 years old, head coach
“Since we started the programme my life has really changed, my mindset is different. I feel very motivated to work hard, to help all the kids in the Academy, improving and learning to everyday to become a role model for them and other youths.”

Mery Mwende,
28 years old, head volunteer and player
“When I found T4D it was like my dream came true. Now I have a second family and in the future I want to open my own table tennis academy to empower other young girls, help them achieve their dreams.”

The Ping4Alzheimers programme developed by Levallois Sporting Club Tennis de Table proves that table tennis is one of the most stimulating sports for the brain, that it can help to slow down the symptoms of Alzheimer’s disease and reduce a relapse of cancer by 50% as described by researchers. Thanks to the project, studies are pushed forward by putting it into practice and involving a physiotherapist and a psychologist. Specific sessions such as one on balance to prevent falls are being developed.

**What’s next in 2020:**
- Support the national federation in developing the programme in other clubs; especially in a sustainable way
- Continue to regularly develop the health sport groups at the local level

**Regularity in training**

Alzheimer’s patients trust in specialized structures such as France Alzheimer and come twice a week to train table tennis. Their families are supporting the initiative.

**Awareness campaigns**

Thanks to the intervention at several conferences around Alzheimer’s, awareness for the benefits of playing table tennis for Alzheimer’s patients has been raised.

The French Table Tennis Federation has joined forces with France Alzheimer in order to establish collaboration at national level.

**Challenges faced in 2019:**

- Miscommunication regarding Dream Building project
- Managing and balancing the heavy reporting requirements of the Fund
- Human resources - more staff and/or volunteers required to share the workload

Highlights 2019

700,000 PLAYERS
922 EVENTS
107 COUNTRIES

April 6, 2019 was about strength and inspiration of diversity. The ITTF Foundation decided to celebrate World Table Tennis Day’s main event with two ongoing projects in UGANDA: HONECRIC in rural Hoima and SLUM PING PONG in the urban capital city Kampala. Everywhere, organisers became more creative and set many examples of HOW TABLE TENNIS CAN BE MADE ACCESSIBLE TO EVERYONE.

FEATURED TOPICS INCLUDED the reach of minority groups along with the promotion of positive social and individual change. All in all, more than 700,000 PEOPLE enjoyed playing our beloved sport on April 6, 2019!

FAVOURITE LOCATIONS were schools, table tennis club and NGO venues, parks, clubs, stadiums and shopping malls. Surely, table tennis was the talk of the town in many cities!

Development of WTTD
2015 - 2019

It is much more than just one more of those “international days ...” We do not only send a text message greeting to our teammates wishing a “Happy World Table Tennis Day”. Yes, we grab our rackets and play, but we do even much more and achieve a very noble aim. We attract others to our amazing sport, particularly those who maybe would have never tried without our kind invitation. Everyone celebrates in his or her own way, but there is one very common factor throughout it all: FUN! Since 2015, old and young, fancy and old fashioned, elite and amateurs come together on April 6 to enjoy playing table tennis, being one big community and sharing knowledge, healthy and peaceful behaviour, materials, and much more.

World Table Tennis Day is growing from year to year. Worldwide, events were celebrated small and big, funny and serious, ordinary and extraordinary, outside and inside, including celebrations at iconic places, on beaches, in parks, in shopping malls and of course at all kinds of table tennis venues. Every year the ITTF Foundation organises one main event. With very different scenarios, different continents are covered with a varying focus. Between 2015 and 2019, we celebrated table tennis in the main street of Argentina’s capital Buenos Aires, inaugurated the TT4NepALL project in Kathmandu together with para players, showed the world the simplicity of adapted sports at the UN Headquarters in New York and the SportAccord Convention in Denmark, played with refugees in the Za’atari Camp at the Jordan border with Syria and practiced with kids at two projects in Uganda encouraging school attendance and giving hope.

Check the video to see what WTTD 2019 was like.
TT Fun Lab

The TT Fun Lab shows all the fun sides of table tennis and unites people including disadvantaged groups, such as persons with a disability, refugees or socially disadvantaged youths. Players get the possibility to play on different tables, with different materials, alone against a robot or together. It is a space where the whole family has fun. The TT Fun Lab aims to ease access to table tennis for ALL, focussing on disadvantaged groups and families.

Pilot project
06/2019 – 09/2019
Total project costs: € 2,702.72
Support 2019: € 2,702.72
Implementing partner: Caracán

Results 2019
+ Involvement of the local table tennis community
+ 2 players recruited for a local table tennis club

Challenges faced in 2019:
Weather conditions were not ideal for outdoor activities and participation declined during the school summer holidays.

Highlights 2019

What’s next in 2020:
+ Table tennis equipment is available for free play at future TT Fun Labs in Leipzig
+ Specific TT Fun Lab activities will there be provided upon request and are not limited to established location within Leipzig

Inauguration
Over 100 people gathered on a sunny Sunday afternoon to experience a mixture of table tennis, culture and gastronomy. Mostly children and their parents participated in a rally of 10 different stations to test the offered activities and enjoy the sport and togetherness.

Reaching different locations and target groups
The TT Fun Lab concept is not limited to one specific location and was, for example, also practiced at the festival “diversity without borders”, a repeating event focussing the exchange with nonverbal communication through music, dance and sport to promote the integration of migrant and refugee population.

TESTIMONIALS

Jorge, coach
“The Fun Lab zooms in the playful and creative sides of table tennis, while most clubs focus on competition and raising the level of play of their athletes. Germany offers many outdoor table tennis tables, where people play in parks or at other locations. The Fun Lab unites both professional and amateur players and is great for integrating young children into table tennis.”

Charlotte and Sophia, 6 years old
First experience with table tennis "We painted, played with many kind of balls and danced. A really fun day!"

Wishing you all a wonderful 2020!
TT4HEALTH OVERVIEW

ITTF Parkinson’s World Table Tennis Championships

The first ever ITTF Parkinson’s World Table Tennis Championships (PWTTC) was a pilot project taking place in New York, USA. Players with Parkinson’s Disease, family members and the public in general were encouraged to join the worldwide tournament. The project aims mainly at raising awareness for the positive benefits of playing table tennis for people with Parkinson’s. Additionally, on providing networking opportunities for the persons diagnosed with it to build their social network and exchange ideas and experience.

Aim:
Promote an infinite number of health benefits on a social, mental and physical level to change people’s body and mind through table tennis.

Objectives:
+ Present table tennis as a part of a sustainable healthy lifestyle
+ Use table tennis events to increase the awareness of possibilities for people with a disease
+ Clear criteria established about what the ITTF Foundation expects from table tennis-based education programmes for health education
+ Prepare the 2nd ITTF Parkinson’s World Table Tennis Championships in Germany in 2020

Next Steps:
+ Clear criteria established about what the ITTF Foundation expects from table tennis-based education programmes for health education
+ Prepare the 2nd ITTF Parkinson’s World Table Tennis Championships in Germany in 2020

Impressions 2019

PWTTC is more than a tournament: players and their families came to meet, train, compete and learn from each other. This unique, eagerly anticipated and historic project showed an amazing spirit among the players; the hugs, smiles, music making, high fives and sweat showed that it was community at its best. Everyone went home with a big portion of unified hope and ideas to better promote the effects of table tennis for people with Parkinson’s.

What’s next in 2020:
+ Apply learning experiences
+ 2nd PWTTC preparation and execution

Results 2019
+ Great impact on the global Parkinson’s community and on the media, which usually does not cover sports at all
+ Different persons with a variety of Parkinson’s symptoms from various countries worldwide participated
+ Final decision to make it a yearly event

Challenges faced in 2019:
Giving the responsibility of the organisation of a small WITC to people without former experience has been challenging and exciting at the same time. In order to get an overview of the results from different perspectives, a participants’ survey has been distributed with a 62% response rate. Later on, it was taken into account to prepare for the upcoming events.
The first ITTF Foundation’s TT Legacy project took the Youth Olympic Games 2018 to demonstrate how sports events can leave a social legacy in host locations. Six locations within the most southerly country of the world were looking for opportunities to engage children and youth from different social backgrounds, including those with disabilities or living in or close to one of the many Japanese communities, as well as those living in rural areas. For 2 years, those children and youth received 2 weekly table tennis training sessions and education in values. The social part played an active role in the project and participants shared their experiences with their relatives.

**TT LEGACY - BUENOS AIRES - TOKYO**

**Buenos Aires, Misiones / ARGENTINA**

- 252 children & young people trained every week
- 9 weekly training sessions
- Ongoing since 03/2018
- End of support: 12/2019
- Total project costs: € 97,234.00
- Support 2019: € 28,450.10
- Local project partner: Argentina Table Tennis Federation (FATM)

**Aim:**
Table tennis event organisers are aware of their social responsibility and include solidarity as part of events.

**Objectives:**
- Incorporate CSR as a mandatory part of the bidding process for main ITTF events;
- Invite other event organisers to incorporate CSR into their table tennis events

**Next Steps:**
- Clear criteria established about what the ITTF Foundation expects from event organisers in terms of CSR of table tennis events
- Exit strategy for the Buenos Aires - Tokyo project in Buenos Aires, Argentina
Highlights 2019

Buenos Aires Grand Prix
June 2019
with participation of players from the primary school and one Japanese community

FATEMA Tournaments
Players with disabilities participated in tournaments organized by the Argentina Table Tennis Federation for Players with a Adapted Needs.

What’s next in 2020:
+ After the official end to the project in 2019, training sessions will continue in 5 different locations thanks to local support and high commitment of coaches and authorities.
+ Closing festival with participation of players from all locations changed its concept to “new start festival” and marked the continuation of the project.

The ITTF Foundation wishes all the best and will of course keep guiding and promoting the project whenever possible!

Results 2019
+ Regular table tennis sessions in 6 different locations
+ 15 doubles tournaments mixing project participants with siblings / friends
+ Continuity of the project in 5 locations assured
+ Participation in not project related tournaments:
  - Visit to the table tennis venue and high level matches at the YOG
  - Japanese Association Florencio Varela: 13
  - Japanese Association Sarmiento: 16
  - School in Misiones: 11
  - Secondary school: 1

TESTIMONIALS

Karen Precioso, project participant
“I have participated in the project for two years now. Table tennis is a very nice sport and I’ve learned to play, but the sport also helps me to be more independent, to clear my head, and day by day I learn something new. The coaches are always attentive to us. For 2020 I hope to continue participating in the sessions and tournaments. I want to continue playing and participating in all the related activities.”

Soledad Tenzi, local project leader
“I hope that in 2020 and the following years the project will not only continue but also grow, increase the number of players and activities and that interested players will find in this practice the interest to continue participating in the tournaments as well as enjoy each class.”

Cecilia Varela, coach for players with a disability
“We saw a lot of development and growth in both conventional and adapted table tennis during the last two years. I wish that the players of the project continue with that great interest in the sport and that they keep training with constancy and positive energy. I hope that the links they have formed can be consolidated in a true friendship between them.”

Thank you for a wonderful project and lots of new experiences gained which will help to optimize future TT Legacy projects!!

OVERVIEW

Aim:
To use table tennis as a peace bringing sport with a conflict resolution potential.

Objectives:
1. Present table tennis as a peace bringing sport
2. Present the ITTF Foundation as an active geopolitical actor

Next Steps:
1. Prepare the celebration of the 50th anniversary of Ping Pong Diplomacy in 2021
2. Continue our ongoing work with the refugee population at the Za’atari and Azraq Refugee Camps in Jordan, Ping Pong Alkmaar in the Netherlands and FUDELA in Ecuador

Highlights 2019

United Nations Global Refugee Forum

16 - 18 December 2019 in Geneva, SWITZERLAND

The UN Refugee Agency, the Olympic Refugee Foundation and the International Olympic Committee encouraged the ITTF Foundation to join the initiative of making the world a peaceful as well as a better place for refugees through sport. Together with over 80 major sport organisations, the following three pledges have been signed:

1. To promote and ensure access for all refugees, without distinction of any kind, to safe and inclusive sporting facilities.
2. To increase availability and access to organised sports and sport-based initiatives for refugee and hosting communities, actively considering age, gender, ability and other diversity needs.
3. To promote and facilitate equal access to and participation of refugees in sporting events and competitions at all levels.

FINANCIAL OVERVIEW

Introduction

The ITTF Foundation was legally recognized in March 2019. Prior to this, financial activities were managed through the ITTF headquarters, and are displayed within the consolidated financial statements of the ITTF. This resulted in the ITTF Foundation financial statements having close to nine months of activity.

The primary revenue of the ITTF Foundation was EUR 435,745.89, which was received from the founding entity, the ITTF. A further EUR 275,264.11 were raised through donations, sponsorships and grants, including some agreements signed under the name of ITTF Development, prior to the legal establishment of the ITTF Foundation.

Significant investments were made in establishing the headquarters in Leipzig, Germany, which was developed from scratch, as well as investment in staff expansion. 2019 was used to engage staff and build up a strong working team. The ITTF Foundation believes in the power of professional and motivated staff and has been investing in human resources which is then reflected in the quality of our programmes and projects.

We would like to thank particularly our sponsors Butterfly, Nittaku and Stag who were supporting the humanitarian initiatives of ITTF Development and now trust the ITTF Foundation. We appreciate also the confidence of the Global Sports Development Foundation, the European Union and Agitos Foundation who have all demonstrated their support in our projects through grants. Our gratefulness goes also to our generous first donors, notably the ITTF CEO Steve Dainton, and our ITTF Foundation President Thomas Weikert, as well as our ITTF Foundation Director Leandro Olvech.

With a well-prepared scenario for growth, our marketing manager is now working on increasing the ITTF Foundation’s income in order to widen our impact in the future and motivate more and more people to use table tennis for a positive social change.

**Extract of the audit opinion of the independent auditor**

**Audit of the annual financial statements**

**Audit opinion**

We have audited the annual financial statements of the ITTF Foundation, Leipzig – comprising the balance sheet as at 31 December 2019 and the profit and loss statement for the short financial year from 5 March 2019 until 31 December 2019.

According to our assessment based on the findings obtained during the audit, the enclosed annual financial statements comply in all material respects with the German accounting provisions applicable to all merchants.

Pursuant to Section 322 (3) P. 1 HGB [Commercial Code], we declare that our audit did not result in any objections regarding the accuracy of the annual financial statements.

**Note on the audit according to Section 6 (2) SächsStiftG [Foundation Act of Saxony]**

**Audit opinion**

The subject of the audit was extended by way of Section 6 (2) SächsStiftG. The audit also therefore encompasses in particular the preservation of the foundation assets and the use of foundation funds in accordance with the charter.

The audit of the preservation of foundation assets and the use of foundation funds in accordance with the charter did not result in any objections.
