1.1 Summary 4th quarter 2020

The last quarter of the Covid-19-impacted year 2020 was a rollercoaster: We had numerous projects that were forced to shut down temporarily. Nevertheless, we kept staying positive, adapted, and managed to be flexible, innovative and supportive.

No matter the circumstances, table tennis has the power to contribute to social development. We are grateful that our work towards this goal has been publicly and internationally recognised: our TT4Health project Parkinson's World Table Tennis Championships won Bronze at the Sports Business Awards in the category "Best Sports Governing Body Initiative"; for our Headquarters Inauguration video, we received the Mention d'Honneur for the FICTS Festival; and finally, the new Erasmus+ project "International and European Sport Organisations Activate Citizens" collaborating with TAFISA has been confirmed, to which we will contribute through coaching framework and further expertise.

In addition to that, the Sustainability working group is meeting regularly to develop their mission, vision and a work plan for the coming months.

Programmes

Within **TT Dream Building**, some of our projects were able to continue activities following international and national health recommendations, namely in Azraq (Jordan), Levallois (France), and Alkmaar (The Netherlands). Unfortunately, the latter two had to stop in December. Many projects got creative and organised outdoor sessions wherever they could reach their participants, no matter if at home, alone or keeping the distance in small groups. However, we are optimistic that many field projects will restart or launch in the next quarter. The ISCA-led mentoring programme "Integration of Refugees through Sport" started, where our Field Programmes Manager participates as a mentor for a young woman from France.

In the framework of **TT4Health**, we launched the new pilot project TT@WORK, providing a great opportunity to motivate employees and to promote communication between them. It is an approach positively influencing corporate culture tailored to the health and well-being needs of employees in companies in Germany, as this will be our test market.

Kiara BORDUKAT, Intern
Jakob KLEINE-KALMER, Intern*

Thanks to 57 generous donors of the #TableTennisUnited fundraising campaign, we were able to support 54 initiatives and individuals from all over the world. Applications are still open to all ITTF members.

As part of **TT4ALL**, the next World Table Tennis Day is expanding its reach and impact through the WTTD Promoters Initiative. 17 Promoters worldwide have already signed an agreement. The applications are also open to everyone, everywhere who is interested in using their WTTD event to contribute to gender equality and female empowerment in their community.

Communications

Although most field work was once more forced to pause, there are amazing things happening worldwide dealing with the new situation. We see and share these motivating news and inspiring stories of different people:

Our **Changemaker Stories** are a set of interviews moving the spotlight from the usual "project impact and outcomes" of our regular work to illustrate the humans behind the projects. These are the everyday heroes in the Dream Building Fund Programme, those who fight for their dream of a better world through table tennis, those who applied to our Dream Building Fund and lead their projects with high enthusiasm.

Additionally, we activated the **Inspirational Women Series**, which is another set of interviews spotlighting only women from our table tennis community, who do amazing work in regard to table tennis for development and peace and deserves the appropriate recognition. In light of our World Table Tennis Day topic FEMpowerment, we are using these articles as a tool to motivate and to contribute to gender equality by increasing the media presence of female (Para) table tennis players and stakeholders. table tennis players and stakeholders.

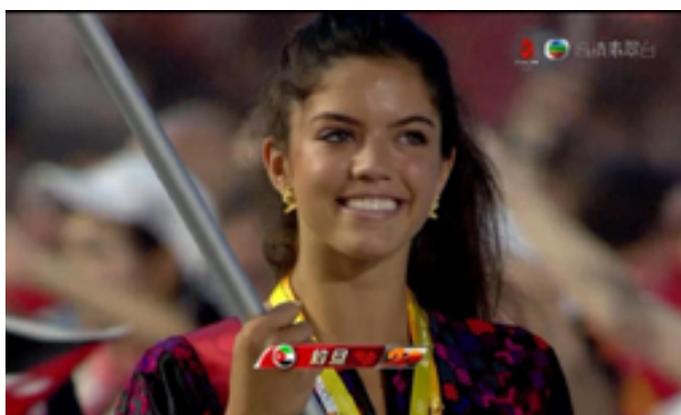

1.2 Summary 3rd quarter 2020

It is time to celebrate the positive news plopping up here and there and of course also within the ITTF Foundation.

While our global fundraising campaign is still running and supporting table tennis family members all over the world, we have some marvellous news to share.

One year after its official recognition, our Governing Board expanded. We are delighted to announce that Her Royal Highness Princess Zeina Rashid of Jordan joins the ITTF Foundation family as a new Governing Board member. The former table tennis player, who competed at the Athens 2004 and Beijing 2008 Olympic Games, has continued to be heavily involved in sport and currently sits on the Jordan Olympic Committee as a member of the Board of Directors. The 32-year-old is also in charge of the programme "20 for Tokyo 2020", an ambitious plan to be put in place by the Jordan Olympic Committee with the goal of having 20 athletes from the Middle Eastern nation qualify for Tokyo. She brings fresh and uplifting spirit and is "excited to have the opportunity to give back to the sport that has set [her] life on its current trajectory."

HRH Princess Zeina Rashid of Jordan

On September 1st, we held our first online presentation. Professionally set up, we had the privilege of being the first of six online presentations in the build-up to the 2020 ITTF Annual General Meeting. Providing an update on the ITTF Foundation's positive work with the worldwide table tennis community, around 210 online attendees were welcomed to the conference. The conference centred around two key blocks; we started off with an institutional summary of the ITTF Foundation and its mission, the attention then turned to a special presentation labelled "The power of table tennis – what's in it for me?" as the ITTF Foundation staff highlighted the different opportunities being explored to help to shape a brighter future for the sport.

Programmes

Projects #RESTART little by little

We keep encouraging our projects to comply with the international and national health recommendations. It pleases us to see that the situation is improving in some of our project areas, and that three projects could already reassume their activities, namely in Azraq (Jordan), Levallois (France), and Alkmaar (The Netherlands). We expect more projects to restart or commence to do so in 2021.

The postponed Parkinson's World Table Tennis Championships, as announced in March, were once more moved to September 2021, not only because of travel restrictions but rather because most of the participants belong to a high-risk group.

Within TT4ALL, the time was used to develop the concept for a promising April 6th 2021. With gender equality being the focus on its agenda, the next World Table Tennis Day is set up to promote equal opportunities for all genders. For the first time, the concept foresees working through local promoters.

Within the Emergency Relief Fund (ERF), an extraordinary help of USD 30,000 has been offered to Lebanon Table Tennis Federation after the devastating explosion in Beirut in August of 2020.

A tiny virus forced us to change plans. We do not merely react to the new challenges and change our ways of supporting our global table tennis community. We are using this time to set the basis for a bright 2021.

1.3 Summary 2nd quarter 2020

Safety measures related to Covid-19 have encapsulated persons and organisations. Not only activities, but also many plans were put on hold. In this sense, our second quarter changed to analyse, adapt, redefine, and restructure our activities to the changed situation. As a first reaction, the fundraising campaign #TableTennisUnited was created to spread solidarity among the table tennis community and support those most in need. A close partnership between ITTF, World Table Tennis and ITTF Foundation made it possible to gather more than USD 254,000 donations and support both individuals and organisations affected by the crisis.

We are excited that the ITTF Foundation has been shortlisted twice for this year's Sports Business Award, notably in the categories "Best Club CSR or Community Scheme" with the Dream Building Fund (DBF) 2019 project Slum Ping Pong and "Best Sports Governing Body Initiative" with the TT4Health pilot project ITTF Parkinson's World Table Tennis Championships (PWTTTC).

Regarding communication we proudly announce the publication of our **Annual Report 2019** and our new "Stories of Change" series. Every two weeks, we present different project participants with motivating stories about how table tennis for development has changed their personal lives. Check our **news section** in order to not miss any news!

With enthusiasm and gratitude, we received our first two big equipment donations. Swedish "STIGA Sports AB" and "Chinese Guangzhou Hefu Sports Equipment Co., Ltd" donated clothes and Foundation branded balls respectively for the purposes of development and peace through table tennis.

Programmes

Projects on standby:

We encourage all our projects to follow the international and national health recommendations. All ongoing and new to launch Dream Building projects are on standby waiting for the local lockdowns to be lifted before they resume their project activities. Many have shown creative and necessary actions, such as online table tennis sessions to keep the community active or providing food and protective equipment for their communities. The in March announced Parkinson's World Table Tennis Championships were postponed to 2021, not only because of travel restrictions but mainly because of its participants who mostly belong to the high-risk group.

Ongoing or completed projects:

But even in times of self-isolation we have great news to share: Within TT4ALL, our well-known World Table Tennis Day was neither cancelled nor postponed. With its innovative transformation into the World Table Tennis "at Home" Day, 3882 players celebrated digitally united in a total of 171 ITTF member countries and independent regions! Our table tennis family is really a fantastic and outstanding community.

Also within TT4ALL we started to partner with TAFISA, the Trim and Fitness International Sport for All Association and applied for EU Erasmus+ Funding for the project "International Sport Organisations Activate Citizens". Within the TT Dream Building programme, we announced the Emergency Relief Fund (ERF) as a response to human-made and natural disasters. Available for ITTF'S National Associations, it was last year piloted with the Iran Table Tennis Association. The fund has been reallocated to the global Covid-19 crisis this year.

With the deep conviction that every challenge holds an opportunity, we wish you a great reading!

1.4 Summary 1st quarter 2020

What a turbulent first quarter 2020! This period usually keeps us already very busy with Dream Building Fund selection, World Table Tennis Day promotion and World Table Tennis Championships preparations, but the declaration of Covid-19 as a global pandemic turned plans inside out.

Extensive (tele)conferences about how solidarity can spread through table tennis while the world stands still brought very creative ideas on the table; the biggest challenge being the uncertain future. When can activities involving physical contact be reassumed? What will be the real impact on finances along the year?

We truly believe that every difficulty presents new opportunities. While adapting our work to this absolutely unforeseen situation, we focus each solution on the premise to walk physically distanced but socially together through the period ahead. It is particularly important to leave no one behind and adapt measures to the new situation.

Programmes

2020 started very promising and with very promising contents for TT Dream Building. Five new projects have been selected to receive the 2020 Dream Building Fund support. Congratulations to "Asociación Colombiana de Mujer y Deporte" in Colombia, to "Asociación Mónica Liyau" in Peru, to "Asoba & NK Foundations" in Ghana, to "Pro Sport Development International CIC" in India and to "Tonga Table Tennis Federation" in Tonga. Our Field Programmes Coordinator personally visited, supervised and particularly advised three Dream Building projects in East Africa and plans are contrived to optimise reporting standards in order to best guide and support projects on their way to create a meaningful change within their communities.

Covid-19 put all activities on hold. Ongoing and new projects are on stand-by until further notice while project leaders are doing their very best to keep their communities engaged and to help where a virus not only infects others but produces emergencies such as hunger. At the moment of writing, surveys had been conducted with all project leaders to see where we can assist them in this process and agreements are being discussed for a quick response to the crisis.

TT4Health saw the successful agreement between Yuvedo, host of the next Parkinson's World Table Tennis Championships and ITTF Foundation for the event to be staged in Berlin, Germany. As participants belong to the high-risk group for Covid-19 infections, the event has been postponed to March/April 2021.

World Table Tennis Day preparations were on full steam when Covid-19 was declared a pandemic. Instead of postponing, April 6th was transformed into the World Table Tennis "at Home" Day. Who would have ever thought that the longest craziest table tennis rally with 170 participating countries could be organised by every single player being at home?

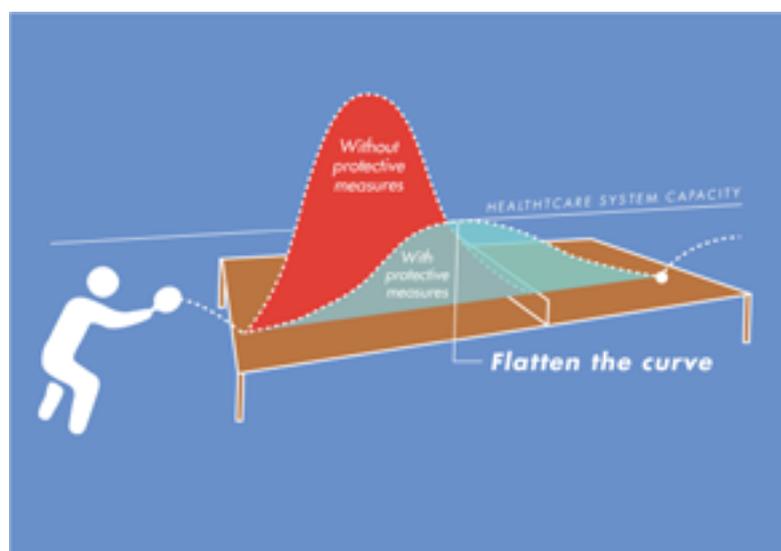

Human Resources

The quarter had significant happenings within the human resources. 2 mothers, namely Field Programmes Manager and Head of Operations, reassumed their tasks after maternity leave while Field Programmes Coordinator resigned with the aim to finish his tasks by April 30th. Considering the forced pause of activities, he will not be replaced until activities are reassumed in a regular way. The hiring process for a Communications and Social Media Coordinator was initiated and set on standby with 4 candidates having been shortlisted by the end of March. It will continue once the situation is stable enough again.

Marketing

Creativity and adaptability in the area of Marketing; campaigns prepared during the first weeks of 2020 focused on ITTF Foundation's positioning in international events, such as World Table Tennis Championships or the Veterans Tour. After Covid-19 outbreak, sales strategy changed to current needs and the campaign to support those table tennis family members most in need is getting prepared.

Challenges and interesting times ahead, stay posted with our new quarterly report format!

Wishing you a great reading

Programmes Overview

TT
DREAM
BUILDING

Dream Building projects are inclusive, sustainable and meaningful initiatives using table tennis as a tool for development and peace

3.1.0

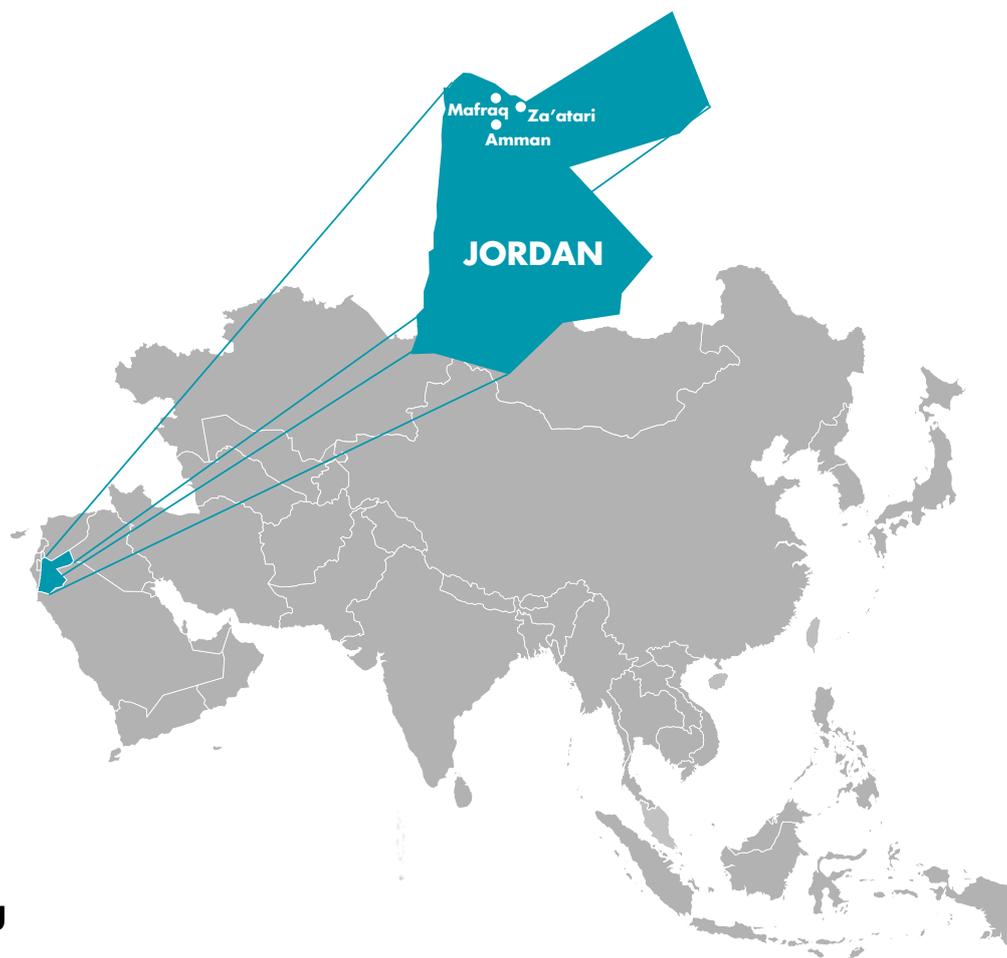

TT Dream Building: Covid-19 Update

All dream building projects have been greatly affected by the pandemic and their activities had to be cancelled. With the exception of the two projects in Europe, this is still the case for the majority of projects and they do not know when they will be able to restart. For this reason, this quarter does not show much movement in the projects or their developments. We hope that the lockdown will be lifted soon in most countries, and that the vaccine will improve the situation also for those in lower income countries and project areas, some of the last places the vaccine will reach. We keep in regular contact with project leaders in the hope that all project staff, volunteers, students, schools and families will not have been too greatly impacted and that the project will be able to have a solid start in early 2021.

3.1.1

Za'atari Refugee Camp, Jordan: Nittaku Dream Building with Refugees

Location(s)	Za'atari, JORDAN
Status	Ongoing
Start date	April 2018
End date	April 2021
Project description	Table tennis activities in the 5 districts of the camp. More than 146 (boys and girls) are attending the trainings. From Sunday to Thursday, 2 coaches who passed the Level 1 course are coaching the boys in the morning and the girls in the afternoon.
Aim	Using table tennis to promote individual and social change inside the Syrian Refugee community in Za'atari. Increase cooperation and strengthen social cohesion through table tennis between Syrian refugees and Jordanian people.
Target group	Syrian Refugees and Jordanian Community
Partners	UNHCR, Peace & Sport
Sponsors	Nittaku
Awards	Shortlisted for the Sports Business Award in the category "Best Community Scheme" 2019

Highlights 4th Quarter

Since March 2020, the weekly sessions have been suspended due to the Covid-19 situation. The camp has been closed from entry, including the project coordinator Oday. The Za'atari coaches were able to attend an online East Asia coaching training.

Challenges faced

• Covid-19 lockdown camp closed – looking for online ideas and solutions for activities

Next steps

- Find an online activity or solution for the coaches and participants
- Organise activities outside the camp in neighbour Mafrqa club.
- Female coach identified, ITTF Foundation to approve recruitment.
- Connect ITTF Education department to Peace & Sport regarding development of content for App.

3.1.2

Azraq Refugee Camp, Jordan: Dream Building with Refugees

supported by

Location(s)	Azraq, JORDAN
Status	Ongoing
Start date	October 2019
End date	Extended to June 2021
Project description	Refugees with disabilities face double discrimination due to their ethnic origin as well as their disability status. Negative stereotypes and lack of awareness and education results in persons with a disability not being able to access sport, and thus not obtaining the associated benefits sport provides. The Dream Building with Refugees project aims to address this by providing access to para sport for refugees living in Jordanian Refugee Camps.
Aim	Increase Participation, Improve Health Outcomes, Improve Attitudes & Inclusion
Target group	People with a Disability, Refugees, Jordanian Community
Partners	Agitos Foundation, Humanitarian Taekwondo Foundation, Jordan Table Tennis Federation
Sponsors	Agitos Foundation – Grant Support Programme

supported by

Highlights 4th Quarter

Between March 2020 and mid-July 2020, the weekly sessions had been suspended due to the Covid-19 situation. The camp was closed from entry, including to our Jordanian coach Yousef. Since the end of July, the coach has been able to go back to deliver the sessions twice a week to persons with and without disabilities. Thanks to a collaboration with the Noor Al Hussain Foundation, the participation numbers with a physical disability have increased since August as they organise accessible transport to the training center. Due to the Covid-19 situation however,

this stopped again in October, as numbers rose in Jordan and persons with disabilities are considered at risk.

Challenges faced:

Potential second Covid-19 lockdown in camp

Since the sessions stopped shortly after the start of the programme, re-creating a dynamic to start building regular participants

Identify participants who could undergo a coaching or umpire training

May need to reduce sessions until we have persons with disabilities able to continue again

Next steps

- Re-starting regular sessions
- Get a better picture of the local interest for sessions
- Get in touch with Care and UNHCR to find a solution for training and employment of coaches
- Look at expanding the sessions to the care centers and training the staff
- Wait until travel is possible again to plan an open day and tournament in the camp and potentially invite refugees from the Za'atari camp

**TT
DREAM
BUILDING
FUND**

TT Dream Building Fund is an annual call for projects aiming to support changemakers implementing their ideas to solve problems within their communities through table tennis. These projects aim to make a contribution towards one of the 17 UN Sustainable Development Goals.

3.1.3

Education to success – HONEYCRIC

Project start date:
01-10-2012

Country – map:
Hoima, Uganda

CONTEXT

For children, mostly living below the poverty line, growing up in Hoima means education is a luxury. Learning to read or to write is not something that is in their future. If they cannot read or write, there are limited possibilities for them to break out of the cycle of poverty.

Hoima Network of Child Rights Clubs (HONEYCRIC) is convinced that sports can keep children in school and lead them to a better life. The team works together with teachers every day to offer access to quality education, develop life skills and confidence with and without disability through active participation in table tennis. Table tennis is sometimes the glue that keeps them coming back and they cannot play if they have not attended school that day. Sometimes, it is also a way to get a scholarship to secondary school.

Points that tear down barriers – FUDELA

Project start date:
01-06-2019

Country – map:
Quito, Imbabura, Santo Domingo,
Esmeraldas and Sucumbios – Ecuador

CONTEXT

Ecuador is now living an unprecedented migration flow of people fleeing from Colombia and Venezuela. As a result, regions located in northern Ecuador present high levels of refugee population, including children and youths. Most of them live in vulnerable conditions and do not have access to a good education and physical activity.

The project “Points that tear down barriers” uses table tennis as a vehicle of integration of Venezuelan, Colombian migrant, and refugee youth with the Ecuadorian community who is also living under difficult conditions in the north.

TESTIMONIALS

**Marilay,
coach**

"A 10-year-old participant from the Casa Aza orphanage has speech problems, little verbal pronunciation for his age and low motor coordination due to traumatic events relating to his mother's death and his father in prison. His responsible person has agreed with him that, if he treats himself with respect and follows the instructions in the table tennis workshops, he will continue to attend. Because he enjoys this sport so much, attends regularly and receives help from of facilitators and coaches, he handles the racket better and his behavior has made him win new friends."

"A Venezuelan 13-year-old girl has motor disabilities in both legs and arms. She used to be ignored because of her condition. Due to her resultant insecurity she could not play any sport. But in the performed work sessions she has managed to adapt easily when taking the racket and overcame the first obstacles, e.g. balance between cones. With this initial motivation, she continued the activity and acquired different table tennis skills. When her mother saw this accomplishment, she was crying with joy to see her daughter empowered in this way."

3.1.5

Slum Ping Pong

Project start date:
01-07-2019

Country – map:
Kampala, Uganda

CONTEXT

Poverty is prevalent in large slum areas of Kampala. Opportunities for these children are very limited in these areas. Although free education for all children at primary school level is the official discourse, **parents or guardians are still expected to pay tuition fees. Many simply do not dispose of the financial means to do so.**

The Slum Ping Pong project aims to use table tennis as a tool to offer children living in slums of Kampala, Uganda, access to education and a way to break the cycle of poverty by offering free regular table tennis sessions, school support, role models through slum coaches and advice where possible.

Top-Spin to the heart of the project

TESTIMONIALS

**Mark Winter,
Director of
Slum Ping Pong**

“What initially impressed me was that SPP was operated by a group of young, financially very poor table tennis players for the benefit of children from even poorer slum backgrounds. SPP have never taken donations or support for granted and have always been honest, open and ready to discuss. The coaches and children are proud of being part of the Slum Ping Pong family, and so am I.”

3.1.6

Empowering Inclusive leadership – Ping Pong Alkmaar

Project start date:
01-07-2019

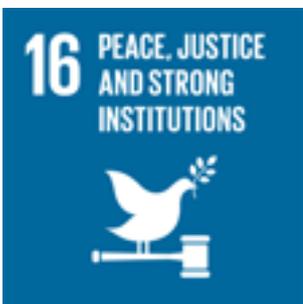

Country – map:
Alkmaar, the Netherlands

CONTEXT

Ping Pong Alkmaar aims to provide an inclusive space for the whole community of Alkmaar and its surroundings. The club strives beyond the delivery of sessions open to all by building the foundations of a transparent, representative, accountable institution incorporating diversity within its leadership.

The project works closely with the Alkmaar Council and local refugee support groups to address the issue of integration in the area. The club aims to provide refugees with tools for integration, a safe space to feel included, an opportunity to learn and improve, a social network, a regular time slot for interaction, an opportunity to improve language skills and pathways towards taking on leadership roles within the club during the project life cycle.

OUTPUTS

ACTIVITIES

INPUTS

Behaviour or attitude

- 80 % of programme participants and their families report seeing an improvement in attitudes towards them and others from different countries
- 100 direct and indirect beneficiaries display more awareness and challenge their former bias towards other communities
- Include persons of migrant background, disability and women in leadership position within the club.
- The decision body of the club is made publicly available and includes a minimum of one person from a migrant background and one person with disabilities and works towards equal gender representation.

Knowledge and skills

- 100 % of regular participants with migrant background have improved their language skills during the project life cycle
- At least 5 regular participants in the club either have a clear understanding of pathways to leadership positions or a development plan within the project life cycle

Circumstance, quality of life or well-being

- 30 beneficiaries report making friends, having fun, feeling good and looking forward to seeing their fellow participants in training
- 80 % of beneficiaries report having made friends and feeling part of the community and identify with the leadership of the club
- The club can share good practice examples of youth expressing their feeling of integration within the club

session**

“It is really nice that there are so many people from different backgrounds here!”

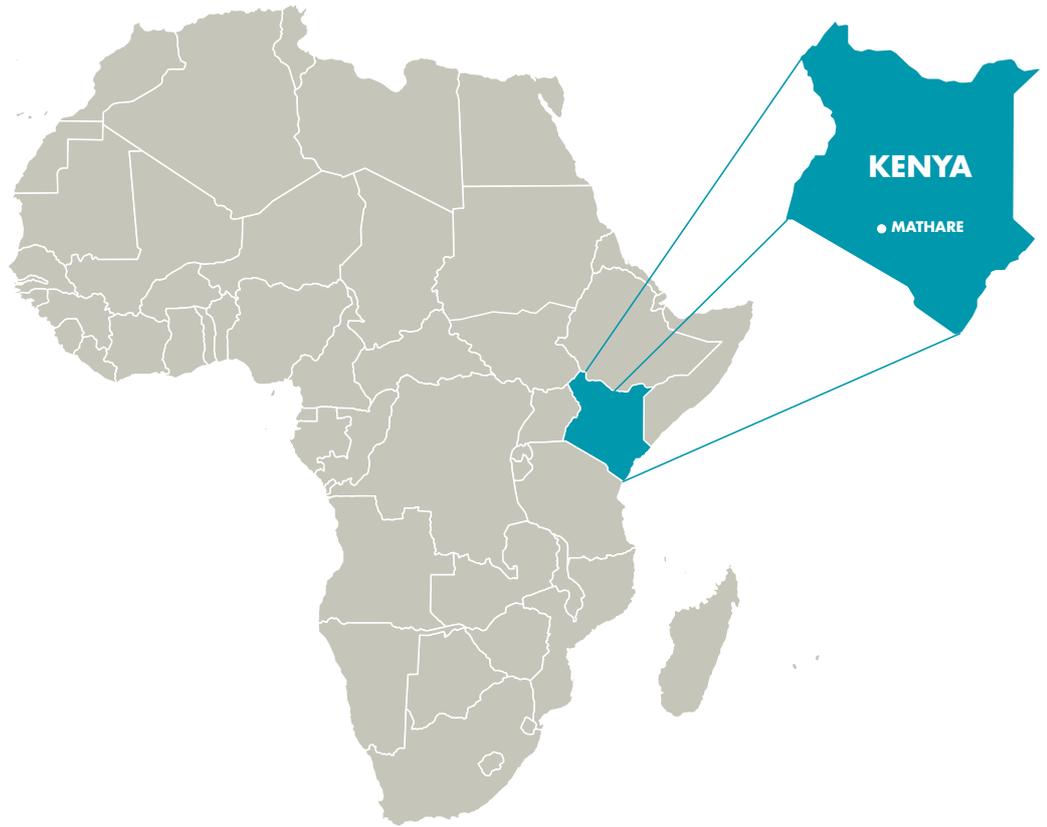

3.1.7

Mathare Tables for Hope - Talent4Development

Project start date:
01-07-2019

Country – map:
Mathare slums of Nairobi, Kenya

CONTEXT

Mathare is a collection of slums with a population of roughly 500,000 people, the majority living below the poverty line. For children growing up in the slums, daring to dream and imagining another life is not an option. Breaking the cycle of poverty when you cannot afford to learn how to read and write or have any role models to show you a different path is nearly impossible.

Through the project Mathare Tables for Hope, Talent 4 Development wants to give children the ability to imagine a different future and their tools of education to live their dream.

- Individual Change

Knowledge and skills

- Develop skills and create employment for coaches and mentors

Circumstance, quality of life or well-being

- The number of children completing primary education significantly increases
- Chances for a scholarship into secondary education increased

head coach

“Since we started the programme my life has really changed, my mindset is different. I feel very motivated to work hard, to help all the kids in the Academy, improving and learning everyday to become a role model for them and other youths.”

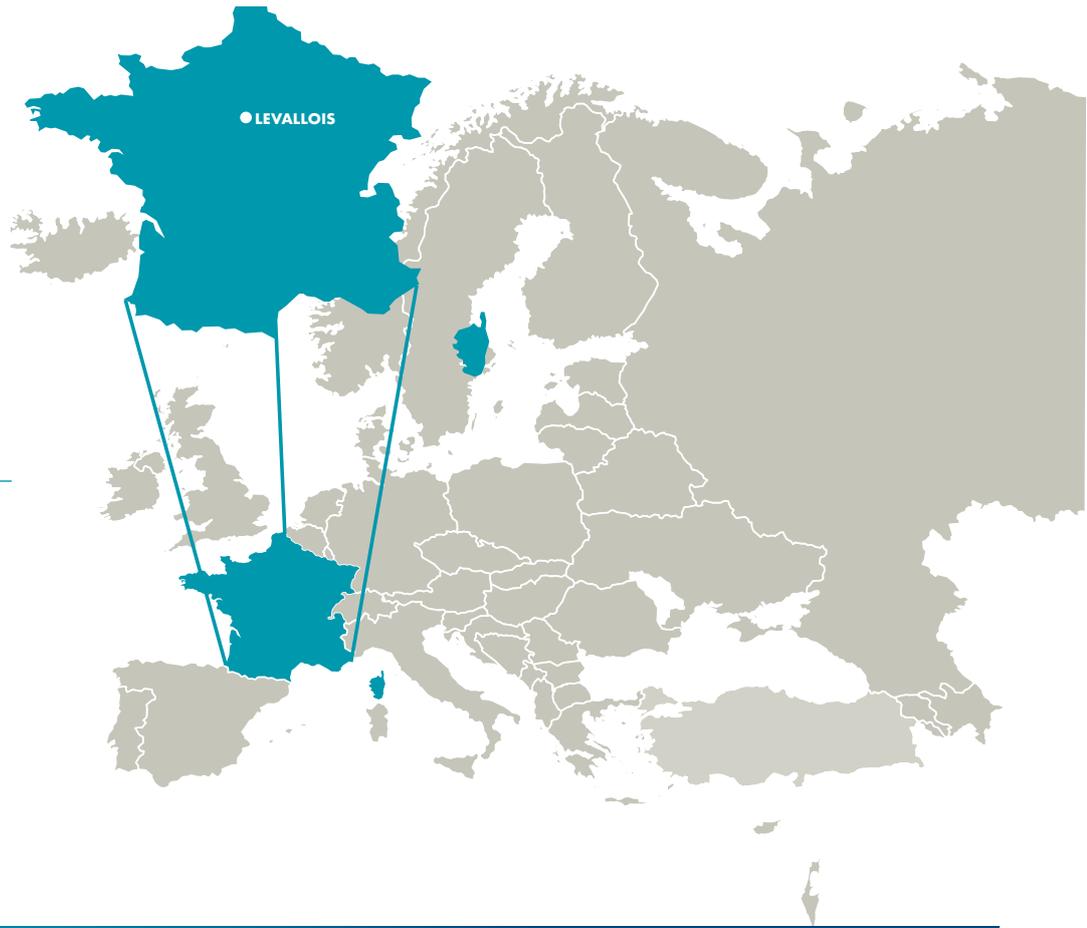

Mery Mwende,
28 years old,
head volunteer
and player

“When I found T4D it was like my dream came true. Now I have a second family and in the future I want to open my own table tennis academy to empower other young girls, help them achieve their dreams.”

+ 3.1.8

Ping 4 Alzheimer's Levallois, France

Project start date:
01-04-2019

Country - map:
Levallois, France

CONTEXT

Studies have shown that table tennis has a positive impact on brain stimulation for people with Alzheimer's disease and that regular participation could offset and delay the effects of the disease. In using these studies, the Levallois club developed adapted table tennis sessions targeted towards persons with the disease. Table tennis offers a drug free, fun, social treatment that can help slow the progression of the disease and improve quality of life.

6 APRIL
WORLD
TABLE TENNIS
DAY

3.2.1

WORLD TABLE TENNIS DAY

CONTEXT

Celebrated each year on April 6th, World Table Tennis Day celebrates the joy of playing table tennis for fun, bringing people together where the focus is less on competition and more on participation and enjoyment.

Our overall aim is to motivate others to contribute to the United Nations Sustainable Development Goals (Global Goals) through their event, which differs from edition to edition. **World Table Tennis Day 2021 focusses on gender equality and FEMpowerment** due to 1. a general low participation rate of girls and women in table tennis; 2. an unfair situation as it is not yet achieved that all genders have the same human rights; and 3. girls and women constitute the largest group of disadvantaged people.

3.2.2

Tables 4 ALL

**PING SANS
FRONTIÈRES**

Location(s)	Worldwide
Status	Pre implementation
Start date	October 2019
Project description	<p>One of the major obstacles to table tennis practice is the absence of material available, and the difficulty to acquire tables for local organisations in developing countries. A worldwide shipping of tables has an ecological impact, while a local production allows an almost neutral ecological print.</p> <p>After developing a manual of how to build 5 different models of handcrafted tables, the goal is now to create pedagogical content that allows to provide theoretical knowledge and a practical workshop in building handcrafted tables. Each course is held over a 5 to 7 days period.</p>
Aim	To bring self-sustainability to field projects, Member Associations, clubs, and others by giving them the chance to produce their own tables and to generate their own income.
Target group	ALL – with a focus of the inclusion of disadvantaged groups
Total cost of the project	EUR 46,140.00
Total cost for the ITTF Foundation until 1st quarter 2020	EUR 32,298.00
Project leading organisation	Ping Sans Frontières (PSF)

Timeline

2017	September	WORLDWIDE	Manual "Building Handcrafted Table Tennis Tables" published by ITTF Development and Ping Sans Frontières in English, French and Spanish
2019	July	FRANCE - GERMANY	Memorandum of Understanding signed between Ping Sans Frontières about the "Implementation of the Tables Building Course"
	July to March 2020	FRANCE	Videos and Powerpoint elaboration
2020	January	GHANA	First test course in Takoradi, 4 days, 10 participants

Challenges faced

Due to Covid-19, this project is more or less on standby. Under our supervision, Ping Sans Frontières is currently working on the course material. The date for the next test course, as well for the first official course, is still on hold due to travel restrictions forced by Covid-19.

Nevertheless, we took the time to think about its future and decided on a new branding: Table Building Course is now officially named Tables 4 ALL with its own logo.

Next steps

- + Create a focus group to provide feedback about the course material.
- + Presentation and approval of the manual and videos content.
- + Prepare a survey which will be conducted amongst the participants in order to evaluate and detect possible points of improvement.
- + Conduct the first official course.

Showcasing that educational opportunities can be combined with fun as well, proven by the first test mission of the Tables 4 ALL programme in GHANA in January 2020.

Table Tennis United

Location(s)	Worldwide / online campaign		
Status	Ongoing		
Start date	11-06-2020		
Project description	Fundraiser campaign to support the global table tennis family members in need with Covid-19 related issues. With the TTU campaign, we collect donations worldwide to finance Covid-19-related aid initiatives. Due to the pandemic, we are calling for donations and our table tennis community can apply for help directly online. A balanced selection panel, which represents different target groups, decides on a regular basis about the support given upon received donations.		
Aim	Raising financial help for our global table tennis community, who is in dire need of support due to Covid-19 related issues.		
Target groups	All ITTF family members, or rather our community, are welcome to apply – especially athletes, teams, coaches and national associations worldwide		
Donations	Total received EUR 260,196.70	Total spent EUR 127,081.13	Total available EUR 168,296.27
Donors	57		
Applications	97		
Initiatives	54		
Local costs	EUR 6,675.51		
Partners	ITTF, WTT		
Website	www.tabletennisunited.org		

Krzysztof Borkowicz appreciates the assistance through #TableTennisUnited in uncertain times.

The pandemic is on the rise again

Launched in June 2020, the #TableTennisUnited donation campaign has now been in operation for six months. Some of the countries, territories, and members we support are slowly coming out of lockdown. Unfortunately, there are still many members of our global table tennis community facing challenges related to Covid-19. In many regions and areas worldwide, the situation is significantly deteriorating again.

Through our donation campaign, the Rainbow Sports Center was able to purchase and distribute 100 masks to 40 families.

Therefore, applications for receiving help are still open to all members of our ITTF family – especially athletes, teams, coaches, and national associations worldwide who are in dire need of help to get through Covid-19.

To apply for help, please fill out our application form at: <https://www.tabletennisunited.org/who-we-support>

Our grants panel constantly reviews and considers all incoming requests for assistance.

Facts & Figures

The feedback on our campaign has been very positive and grateful. A total of EUR 260,196.70 has been raised up until the end of the fourth quarter, and 57 generous donors have joined our group of supporters. Until the end of December, 97 individuals and initiatives from our table tennis community have applied for help. 54 applicants have already been selected to benefit from our support.

Another beneficiary of #TableTennisUnited is NK Asoba in Ghana.

Appreciation by those supported

Impressions from supported individuals and initiatives, Worldwide

"I am deeply grateful to the ITTF Foundation for the support they decided to give me and all the accompaniment during the process to make this help a reality. This time of Covid-19 is really difficult for all the people around the world and this kind of help gives us hope that we will come out stronger from all this. Thank you very much! Greetings and a big hug to everyone!! Daniel."

Daniel Ibáñez, Colombia

"The financial support provided by the ITTF Foundation gave us the opportunity to restart the activities of our club. [...] Here in Argentina, there were 8 months of compulsory social isolation, we did not receive financial resources from the state or from the athletes; at CEDIMA athletes with disabilities perform sports totally free. At an economic level, CEDIMA was without resources to be able to resume sports activities, we could not buy disinfection supplies or sports materials, etc. After such a difficult year, we were able to resume the motivation and aspiration of our athletes. CEDIMA is the seedbed of Paralympic athletes, that is why our commitment towards the athletes, who love table tennis so much, is to accompany and guide them in their aspiration of representing the nation. Thank you ITTF Foundation for supporting this project, for choosing us and for your trust. Until the next opportunity."

Prof. Eli Bustillos, Club CEDIMA, Argentina

"I have no idea how to thank the ITTF Foundation. It is such a great thing for us, so we are so happy with all your donations. I like the racket and balls and all the clothing kits. I am lover of STIGA."

Daniel Tadesse, Ping Pong for Childs, Ethiopia

Challenges faced

- Language barriers and communication with applicants
- Logistics to provide help and goods, especially in very remote places, delivery restrictions due to Covid-19 and respective custom particularities

Next steps

- Select additional individuals and initiatives to support with the money raised through this campaign
- Sign agreements with new applicants who have applied for help
- Transfer money and goods to support them on-site
- Continue running the campaign, motivating potential partners to support our campaign

3.3.3

SPIRIT Project – ITTF Foundation collaboration on an EU funded project

Project overview

Project Aim:

The main aim of the project is to make sports clubs more accessible and welcoming to everyone, including refugees, by developing a framework for human, inclusive and empowering coaching that nurtures good mental health.

The objectives of the project are:

1. Collect, compile and disseminate relevant research review and useful best practice examples in the field of sport and mental health.
2. Develop and promote key recommendations for educating coaches that advance the mental well-being of their sports participants. These recommendations for coaches' education will be based on the research review and mapping study on best practices.
3. Create and implement a coaching framework that presents the academic case (based on research review) for sports and mental health in an accessible manner and utilises best practice examples to guide the learner through an educational path.
4. Produce and disseminate an accessible online learning tool, facilitating the skills development of coaches in a flexible way. This online educational content will be publicly available and free.

Project Timeline:

Project funding will run from January 1st 2020 until December 31st 2022, date at which the intellectual outputs need to be finalised. The main contribution from the ITTF Foundation will take place from October 2020 to July 2021.

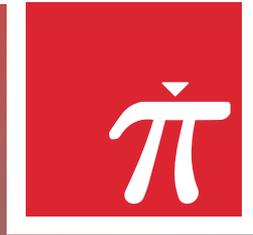

Project partners:

Activities to date:

- Kick-off meeting 2-4 March in Brussels
- Monthly calls with Steering Committee
- Project team meeting online – October 2020
- Project website launched:

FOUNDATION

Marketing & Communications

**Marketing &
Communications**

4.1 TT@WORK

The pandemic is keeping us economically on edge. The world is in upheaval, forcing us to face unprecedented global challenges with new concepts. In order to form and establish more close, long-term relationships with companies outside the existing international table tennis family, we at the ITTF Foundation have developed a new concept to fill companies with enthusiasm for table tennis in general, our entire table tennis family and our cause.

We care about Table Tennis. For All. For Life. We believe table tennis is popular, universal, and inclusive. And therefore, we want to bring table tennis directly into companies's offices and factories.

In recent years, there has been increasing discussion about corporate culture — and with good reason. It is important! Corporate culture describes the working environment and working atmosphere of an organisation. It determines the values, attitude, activities, social behaviour and beliefs of the company and its employees. Corporate culture can provide a healthy balance between work and creativity. Or it can mean a very tight framework of a 9-to-5 job with little room for inspiration and appreciation. The competition among companies for good employees is getting increasingly fierce, and ignoring corporate culture in the long run comes at a cost.

With the establishment of a table tennis oasis directly in the office or factory of our partners, we support companies in developing a modern, open-minded, interactive, and integrative corporate culture. At the same time, we create a playful way of stress reduction and relaxation for the employees, many of which may even associate this with positive childhood memories.

The advantages, both for employers and employees, are obvious. Above all, health and well-being, but also teambuilding, inclusiveness, interaction, concentration, creativity, and morale count among the important factors here. In other words: healthy, motivated employees who feel valued by their team and comfortable in their company's office. A win-win situation for everyone! This could also mean the start of enduring and deep relationships with new partners for us.

After having successfully placed table tennis in companies, the second step is to organise table tennis business networking events to bring companies together to enjoy our sport in a relaxed and great atmosphere — at first locally, then regionally, nationally and finally internationally. Playful networking at the table, so to speak. Again, creating a win-win situation for all.

Project	TT@WORK
Related programme	TT4Health
Location(s)	Germany; as a test market
Status	Project launched on 28-12-2020
Start date	11-06-2020
Project description	<p>We bring table tennis into the office or factory of our partner</p> <ul style="list-style-type: none"> • Delivery and setup of table tennis equipment at the office • Delivery of a starter kit • Provision of TT@WORK table tennis software
Aim	Development and establishment of deep long-term relationships with potential new partners of the foundation, with the aim to cooperate later also in the field of our CSR programmes and projects
Target group	Non-table tennis related companies and bluechip companies as well as medium-sized companies and start-ups
Business model	<p>Annual ITTF Foundation membership fee for the provision & use of table tennis equipment and TT@WORK software</p> <p>Optional support will be offered menu-based</p>
Software	TT@WORK software dashboard for companies & employees will provide the possibility to challenge each other, display match outcomes as well as player rankings, additional stats and leader boards
Optional support	<p>Optional features we will provide to our partners:</p> <ul style="list-style-type: none"> • coaching classes at the office with licenced table tennis coaches • corporate table tennis events at the office • participation at table tennis business networking events
Costs project preparation	EUR 18,000
Number of partners	Within the first 12 months after launch, we aim to win at least 48 new partners for the TT@WORK project
